

COOKIES & SIMILAR TECHNOLOGIES POLICY

[Πολιτική Cookies και Συναφών Τεχνολογιών]

Version: 01.2026

In the bottom left corner, there are three faint, concentric white circles of increasing size, serving as a decorative element.

Cookies & Similar Technologies Policy

The Website www.orivamicrofinance.com uses cookies and related technologies (such as local storage, web beacons, device identifiers, etc.) for the smooth operation of the Website, personalization of user experience, collection of statistical data, and—upon consent—display of targeted content and notifications.

Additionally, the Website may use related technologies such as local storage, session storage, web beacons (pixel tags), JavaScript identifiers, or fingerprinting technologies for collecting browsing data. All these technologies fall within the scope of this policy and are treated as 'cookies' for unity purposes.

Cookies are small text files stored by your browser or application on your device when you visit the Website, and are used for device recognition, preference storage, and facilitating your interaction with the system.

Cookies placed by the owner of the website (Oriva) are called "first-party cookies". Cookies placed by others are called "third-party cookies". Third-party cookies allow third-party features or operations (such as analytics, ads, and videos) to be provided on or through our website.

The main categories of cookies used are:

- **Strictly necessary cookies:** Used for basic application functionality, navigation, user login, and security. No consent is required for their use.
- **Preference cookies:** Store user language or theme choices, interface type, or other customizations that improve the browsing experience.
- **Analytics/statistical cookies:** Used for collecting anonymous information about how the Website is used, e.g., which pages are preferred, how much time is spent, etc. Their use is activated only if you give consent through the relevant acceptance mechanism.
- **Marketing/notification cookies:** May be used for sending personalized push notifications, displaying interest-based advertisements, or tracking campaigns. Their use is only with explicit user consent.

Settings and user control:

Upon your first entry to the Website, you are provided through a consent banner with the ability to accept or reject the activation of non-necessary cookies. You can also modify your choices at any time through the "Cookie Settings" section accessible from the footer.

You can also modify your choices at any time through your browser settings, delete cookies, block them globally, or enable notifications before storing them.

We ensure that no cookie—except strictly necessary ones—is activated without the free, explicit, and documented consent of the user.

Please make sure to visit this page regularly to receive an update on the cookies we use, in case we add any features or change anything about the way we use cookies.
